

INTERNATIONAL ENGLISH FOR INDIAN KIDS

As you are aware of the role of English fluency in our present times, English language skills are very productive and at its best when it's imparted on young children through phonics. Phonic skills help kids to understand read and speak with proper pronunciation and fluency. EnKids envisions supporting schools facing the challenge of satisfying the growing expectations of parents in equipping their children with best English skills.

EnKids is a phonic based international spoken English programme, designed to impart perfect speaking and reading skills, for the students of LKG to STD 1. EnKids is brought to you by ProKids India Pvt Ltd. EnKids is structured as per the recommendations of “United Kingdom Literacy Strategy” and “American National Reading Panel”. The program focuses on the essential components of language learning including the following:

Phonemic Awareness

Phonics

Fluency

Vocabulary

Comprehension

Program Details :

EnKids comes as a comprehensive package consisting of

Multimedia software : EnKids provides interactive software to the school which ensures standardised delivery of English across all class rooms. With colourful and visually appealing characters EnKids leads the children improving language skills in all areas of English learning.

Training programme for the teachers : Extensive teacher training programme will be conducted followed by periodic re-trainings.

Lesson plans : Well-structured and exhaustive lesson plans help the teachers in systematic delivery.

App for kids : Children will be with Android apps for better practice and retention.

Course Structure:

EnKids comprises of 3 levels:

i.e.: LKG, UKG and 1 STD respectively.

Equipping the teachers:

The teachers of respective classes will be trained on the ESL teaching methodology along with phonic, accent and syllable rules. Periodic re-trainings will be conducted to ensure quality and also to train the fresh teaching staff

Benefit to your students:
